Subject Fw: Follow Up to our meeting last week

Can we discuss our options about this tomorrow?

thanks

Hey Linda,

Thanks for your email. Yes, my boss should be able to make a trip to california during the public comment period.

I am out of the office on travel- actually getting on the plane to head back. Let me connect w/ the attornies and the air office to find out the timing and I'll reconnect w/ you later this week w/ some more solid options for a visit.

Looking forward to working together on a visit.

Thanks!

Lisa

Hi Lisa,

It was nice meeting you at the meeting between our bosses last Wednesday.

I wanted to follow up with you to see if Administrator Johnson might be able to come out to California during the public comment period? Having said that, when do you anticipate the public comment period to begin?

I appreciate any help you can provide me with on this. As you can tell, this is an important issue for our State and a priority for my boss!

Many thanks, Lisa!
